

NISHANT PATEL

Senior .NET Developer

📞 91 -9039625322 @ patel.nishant21@gmail.com 📍 Bengaluru, Karnataka, India

SUMMARY

I am a Senior .NET Developer with over 8 years of experience in designing, developing, and deploying enterprise applications. My expertise lies in .Net Core, C#, ASP.NET MVC/Core, Web APIs, and SQL Server, complemented by strong skills in building scalable solutions and working on cloud platforms. I excel in delivering high-quality projects on time and am committed to writing clean, maintainable code while collaborating effectively with teams

EXPERIENCE

Senior Software Engineer

Jiva Internet Solution Pvt Ltd

📅 09/2022 - 11/2025 📍 India

Jiva Internet Solutions Pvt Ltd is an Indian subsidiary of the global JIVA InfoTech Inc. software development company, specializing in application development, ERP solutions, eCommerce platforms, and Business Intelligence BI for various sectors like healthcare, energy, and media

- Worked on mobile web-based projects to optimize user experience and performance
- Developed and maintained applications using .NET Core, C#.Net, SQL Server, and ASP.NET, ASP.NET MVC.
- Created REST APIs for Native pages.
- Implemented AWS Lambda Functions to build serverless APIs for backend automation and event-driven data processing.
- Integrated Lambda with Amazon API Gateway, DynamoDB, and S3 to reduce infrastructure overhead and improve scalability.
- Implemented front-end features with jQuery and optimized resource delivery using CDNs.
- Collaborated with cross-functional teams to deliver scalable and efficient solutions
